People have often stated or quoted, "As you live, you learn." How

true - one ceases living, one ceases learning - and vice versa. Who wants to deal with the dead? Ask the so-called Negro. Learning is "acquired knowledge or skill." The Honorable Elijah Muhammad teaches, "It is necessary that the young people of our nation learn all they can." (Amen to that.) What they are now

learning is just down right frightening - more like a training than an education. Forget about knowledge of self. That is replaced by hatred of self. So why not give the devil his due, do's or dues?

Principles of Belief

by Sis. Evvy Islam

In The Name of Allah, Master Fard Muhammad, and in the name of His Last and Greatest Messenger, the Honorable Elijah Muhammad. As-Salaam-Alaikum.

The Most Honorable Elijah Muhammad teaches that Islam is the true righteous way of Allah, Who appeared in the Person of Master Fard Muhammad, to Whom Praise is forever due. One who believes in Islam accepts, trusts, and has faith in Allah and His Apostle. Islam dignifies, refines, and civilizes all who believe. Submission and obedience to rules and laws is the basis for one's belief. The Messenger teaches that Allah's rules and laws are the highest of standards or morals one can accept or believe in. When one desires to prac-

tice willingly the way of life of Allah, that one who submits entirely to His Will is a Muslim. There are several Principles of Belief in Islam that a Muslim willingly obligates herself or himself to practice. A Muslim's communication with Allah, is through prayer. Our stated prayers prescribed by Allah to perform gain the best results. The Messenger teaches that the practice of prayer five times daily is not so much for the much that Allah blesses us with. When a Muslim desires to share time and monetary gains (poor-rate and charity) for the cause of Islam, this propagates truth for self and kind. Dishonesty is not accepted in Islam under any circumstances. Islam causes one to clean up mentally and physically - from filthy thoughts and actions. Allah's way of life teaches one to like and love one's believing family as one's self. A Muslim, being civilized, displays respect

to all in the way of kindness and good, being courteous and polite. We are not cowards, and we will ban together (for self-defense) as a solid wall to fight or kill in the Name of Allah, if attacked. Followers of the Honorable Elijah Muhammad are "symbolically" trapped in "the belly of the whale"-America. We are captive believers, for our open enemy (the white devils) tries to deprive us of our freedom to separate from them. A Muslim worships and fears only Allah, Who is the Highest Living Human Being! We believe in all the Prophets of Allah, including His Last and Greatest Messenger, A Plain Warner - The Honorable Elijah Muhammad!

took instruction in these classes in their local Temples of Islam. This, for many in the M.G.T. (Muslim Girls Training), is done this way today. What is the meaning of M.G.T. - G.C.C.? Muslim Girls Training and General Civilization Class - this is the name given to the training of women and girls in North America, how to keep house, how to rear children, how to take care of your husband, sew, cook and in general, how to act at home and abroad. This

class teaches the basic foundation of what is most expected of you in the real world. The actual facts of learning patience with self and life's experiences are routinely taught. A person who cannot control he words shows that he cannot control themselves and is unworthy of RESPECT. The human tongue is a tool over which most people have no control. Thus, the need to teach how to act at home and abroad is a must! As-Salaam-Alaikum.

Muslims Should Be Proud

by Sis. Faye X

In The Name of Allah, Master Fard Muhammad, and in the name of His Messenger, the Honorable Elijah Muhammad. As-Salaam-Alaikum.

Have you heard the good news of a wise man who traveled 9,000 miles from the Holy City of Mecca, Arabia to North America? His name is Master Fard Muhammad and He is Allah (God) in Person. He came in search of His descendants (Black People) to save us from certain death at the hands of our slave masters (white people). He wants us to know our history and understand what must be done to return to our rightful place as makers, owners and god of The Universe. He raised the Honorable Elijah Muhammad, the first begotten of the dead, from

among us and taught him of our history that dates back trillions of years. We are descendants of the tribe of Shabazz, an Asiatic black nation original to the planet Earth. Both Bible and Holy Qur'an bear witness that the Blackman has been here for trillions of years, and we have no birth record. We are created in the essence of Allah (God), a beautiful people with kinky hair and black skin, and our nature is one of peace and righteousness. It's no mistake that Allah came so far to save us, for we are sacred in His eyes. We should be proud that we (Black People) are Allah's chosen. He named us "Muslim", which means one who submits entirely to the Will of Allah, and gave us Islam as our religion. Islam elevates us into the knowledge and wisdom of Allah. It encompasses the best of everything righteous and helps us to divest our

lives of the Whiteman's wicked ways and influences. Allah gives us (Black People) Freedom, Justice and Equality - and there's more. Money, good homes and friendships in all walks of life are ours when we accept Allah and return to our original religion, Islam. Overall, we are the most loved and protected people on the Earth, and it pleases Allah to defend us against our enemy (the Whiteman). How can we not be happy and proud when we have the most Wise and Merciful God on our side? It's a joy to live the life of a Muslim, often turning to Allah (God), Who has unending love for us.

"You are the best nation raised up for men: you enjoin good and forbid evil and you believe in Allah..." (Holy Qur'an 3:109). As-Salaam-Alaikum.

Learning Is A Virtue

cont' from page 1

all, history is everything that has ever happened. In the minds of many, we never existed, much less our history. Next comes the knowledge of the civilization of man and the Universe. Do we really have a place in the universe or are we just drop-offs - perhaps dropouts? Messenger Muhammad teaches us we are - "makers, owners, cream of the planet earth, gods of the universe and fathers of civilization" - not just "baby daddies". We made it (universe), we own it.

just some sciences but all, yes all sciences. Anything of a scientific nature owes its very existence to us, yes us. Some, even many, may say we are merely bragging. Well, to them I say- "We own the bragging rights, too."

The Messenger teaches us that learning is a great virtue. Virtue is "moral excellence and righteousness", coupled with goodness which equals a truly effective force as a Nation (Original People), and most of all - Allah's people.
